The cost of living may be high, but the cost of a day at the races doesn't have to be.

The Melbourne Racing Club is proud to champion value for racegoers, so we're reducing the prices across some of our most popular food and beverage items for the remainder of the 2024/25 season.

*Prices apply to Caulfield Racecourse & Sportsbet Sandown only

FORM SUMMARY

KALLOS with the strong first-up record looks the value after a sharp recent trial. **IN FLIGHT** flying this prep, whether she handles the left-handed direction on firmer ground look the queries. **NEW YORK LUSTRE** keeps raising the bar, this is the acid test.

SIR JOHN MONASH

Sir JOHN MONASH (1865-1931) was an outstanding Australian who made significant contributions to his country as a civil engineer, soldier and public administrator. As an engineer, Monash's early career was in bridge construction before later changing to building construction. Commissioned in 1887, Monash had risen to the rank of Colonel by 1913 and served in Gallipoli as Commander of the 4th Infantry Brigade (AIF). In 1916 he was promoted to Major General and commanded the 3rd Division, AIF in France. Monash became Commander of the Australian Corps in 1918 and was knighted in recognition of his role in the battle of Hamel Hill. Monash was known as a brilliant tactician and meticulous planner. After the war, Monash resumed a civilian career as firstly General Manager and later Chairman of the State Electricity Commission (SEC) of Victoria. Monash University, established in 1961, was named in his honour.
